

FOR IMMEDIATE RELEASE

ACB Caribbean Announces Deferral of 2026/2027 Louis H. Lockhart Scholarship and Upcoming Educational Initiative

For over 30 years, ACB Caribbean has proudly recognized and rewarded academic excellence through the provision of scholarships to outstanding students. This program has reflected our enduring commitment to investing in the development of our nation's youth and contributing to the social and economic advancement of Antigua & Barbuda.

After careful consideration and extensive consultation with both internal and external stakeholders, the Bank has made the difficult decision to defer the 2026/2027 installment of the Louis H. Lockhart Scholarship.

This decision was not taken lightly. We fully appreciate that many talented and hardworking students look forward each year to the opportunity to showcase their academic achievements through the scholarship application process. We remain deeply inspired by the dedication, ambition, and accomplishments of our young people.

While the Louis H. Lockhart Scholarship will be deferred for the upcoming academic year, the Bank's commitment to education remains unwavering. As part of our continued investment in student development, we are currently preparing to launch a new educational initiative that is expected to make a meaningful and lasting impact on students across Antigua & Barbuda.

We encourage students, parents, educators, and the wider community to follow our social media platforms and visit our website at acbonline.com for updates and announcements regarding this new initiative and our ongoing support for educational growth and opportunity.

We extend our best wishes to all aspiring scholars and look forward to continuing our role in empowering the next generation of leaders and innovators.
